

# WEST OF THE REST

Walk to work, cycle your kids  
to school, run on the beach  
and in the woods.

More more more. Does everything have  
to be about more? It's a con. We've  
been tricked. More won't make you  
happy. There's more to life than more.  
You have a choice to stop chasing more  
and focus on the things that matter:  
family, friends, community and health.

# WESTON IS FOR SEEKING BALANCE

Walk to work, cycle your kids  
to school, run on the beach  
and in the woods.

More more more. Does everything have to be about more? It's a con. We've been tricked. More won't make you happy. There's more to life than more. You have a choice to stop chasing more and focus on the things that matter: family, friends, community and health. Walk to work, cycle your kids to school, run on the beach and in the woods. Work hard then relax. Work from home with a view of the sea. Find affordable office or studio space. Kite surf, sea swim, explore the countryside. Work-life balance is not some unreachable nirvana. It's right here in Weston.
