More more more. Does everything have to be about more? It's a con. We've been tricked. More won't make you happy. There's more to life than more. You have a choice to stop chasing more and focus on the things that matter: family, friends, community and health.

# WESTON IS FOR SEEKING BALANCE

Work hard then relax. Work from home with a view of the sea. Find affordable office or studio space. Kite surf, sea swim, explore the countryside. Work-life balance is not some unreachable nirvana. It's right here in Weston.
